

What is the name of the street you live on?	What passive/natural elements (meadows, pollinator habitats, reforested areas, etc.) would you like to see in the neighborhood park and why?	Name a park that you have been to that reflects your vision for a neighborhood park. What elements of this park stand out to you?	Additional Comments:
April Mist	some grass to cover the brown spots...maybe some bamboo or plants to add move cover up to th housing backyards	the dog park was nice,also vegetable garden	We purchased our house and paid a high lot fee to ensure that we did not back up to tennis courts, basketball courts, golf course and or soccer fields. We were told that it is a preserve and would NOT be changed. If any of the above listed items are put in it will drastically affect the value of our house.
April Mist Pl	pollinator habitats, more trees, area for wildlife to thrive. We currently are destroying more and more areas that the deer, fox, birds and other wildlife call home. We need to preserve as much of the wild area as possible	Many of the areas of Central park in NYC. Although it is a large park, it contains many smaller areas for specific use to bring people outdoors to interact.	In some cases, less is more. Do not spoil the quiet beauty and wildlife habitat by attempting to "utilize" all open space. Some of the area could be improved by planting more trees such as dogwoods, etc.
April Mist Place	Trees! We are cutting down all the trees to build houses. We need trees!!		It would be really nice to have a fenced in dog park area. Maybe a flat concrete area that has a water feature for the kids in the summer. Just something simple that shoots water in the air.

What is the name of the street you live on?	What passive/natural elements (meadows, pollinator habitats, reforested areas, etc.) would you like to see in the neighborhood park and why?	Name a park that you have been to that reflects your vision for a neighborhood park. What elements of this park stand out to you?	Additional Comments:
Ashwood Moss Ter	I think the community garden would be a great addition to this area. To go along with this, a pollinator habitat would be fantastic. The fitness stations could definitely be updated and a few more could be added. It would also be nice if more trails were added. Specifically, it would be nice to have some paved areas that are steeper. People love all the trails in Brambleton, but there are no real challenging hills for running or biking.	Willowsford, in general is a great community to take inspiration from for providing outdoor areas and parks for each section of the community. Plenty of green space and lots of trails with everything being very family-focused. Everfield Community Park, which just went in at The Grant, has a very open design that I think could be useful for this area as well.	My preference is for the area to stay as is. If that were not to happen I would like the changes to only improve upon what is already there. Any sports fields would have much less utility once Hanson Park and all the new schools open. Any courts, unless properly sheltered, would drastically change the feel of the surrounding neighborhood and not necessarily in a positive way (noise, lights, etc). One of the things that people love most about Brambleton is the feeling of it being a planned community with plenty of green space. If those green areas are paved over with anything that would be disturbing to people in the community or that seems out of place then that feeling would certainly be affected. While I do find it unfortunate that the Hanson Park plans to not seem to include any courts, I'm not sure adding them to this park would be the best alternative. That being said, something that people are definitely interested in is a community garden. This seems to be a great opportunity to spread several out throughout the community.
Ashwood Moss Terr	Forested areas for shade and to keep the current natural look		
Autumn Sky Ct	Meadows, pollinators, bird attractors, rain gardens	Olde Izaak Walton - building is used for lots of activities, dog park is well used (including by Brambleton residents who no longer have one), river for fishing and canoeing	
Bright Star Ct	meadows, large trees		would like to see more passive/natural elements along with additional children's playground and volleyball. Tennis courts are good too, but without any lights (for no night time play)
Castle Ridge	I would like to see anything that helps kids to explore, learn and discover.	There is a park I love, but it is not in VA. This park has a pond, river, trail, trees and so many activities including water activities.	I'm sure whatever is designed will be great.

What is the name of the street you live on?	What passive/natural elements (meadows, pollinator habitats, reforested areas, etc.) would you like to see in the neighborhood park and why?	Name a park that you have been to that reflects your vision for a neighborhood park. What elements of this park stand out to you?	Additional Comments:
Castle Ridge	pond	burke lake park. They have pond, bbq grill, picnic area, paddle boat, hiking, train, volleyball court, soccer field, basketball and an open field.	building all those retails spaces is a mistake right on the town center :(
Castle Ridge Sq			
Castle Ridge Sq.	Reforested areas for shade.	Ashburn Park; walking trails and pavillion.	
Chatelain Circle		The park at Belmont Club. It has a soccer field, multiple tennis courts, multiple basketball courts	Since there is an increased interest in tennis, 2 courts is absolutely insufficient for a community like Brambleton. Why can't we have more courts spread out across the community? Also, I take my kids to Broadlands for tennis lessons. Its a shame that we cannot sustain an increasingly popular sport like tennis here in this community. I have spoken to many coaches who say that they have been discouraged to hold classes/camps here.
Connie Marie ter			
Epperson Sq.	ground fountains, stone water overpass, meadow, pollinator habitats, plenty of doggy bags so people can pick up after their pets, Japanese style gardens, trees, and rocks, European style flowers and grass, etc.	The Huntington Botanical Gardens	Plenty of clear, blue water
Epperson Square	All of them, we need to provide more space to share with the wild habitat. Would like to see less of a mowed lawns unless it serve a recreational purpose	Shenandoah, Great Falls. Those parks have areas left untouched so the wild animals, birds, insects, etc. can coexist with humans	Brambelton should aim to become more nature supporting community. With all the population that is placed in our area, we are losing wild habitat on a scary scale. Create a program that supports conservancy efforts of Loudoun County! I would be interested in volunteering for this cause

What is the name of the street you live on?	What passive/natural elements (meadows, pollinator habitats, reforested areas, etc.) would you like to see in the neighborhood park and why?	Name a park that you have been to that reflects your vision for a neighborhood park. What elements of this park stand out to you?	Additional Comments:
Franklin Benjamin Terrace	reforested areas, trails, tot lots, nature trails	Arboretum Glen Rock, NJ	<p>I thanks for the opportunity to comment. We offer the following comments -Legacy Park is unique because of its large space and central location in the community, adjacent to Town Center. It was planned to be a neighborhood park from the beginning and therefore adjacent parking was provided. The adjacent homeowners also knew the park would be there when they purchased their home. -We agree in concept that neighborhood parks, as Brambleton has defined them, should be provided in all the Districts. However, we do not agree that a neighborhood park belongs in the space currently being planned in District 3. The open space in District 3 has limited to no adjacent parking and therefore we do not believe active recreation should be located here except for limited playgrounds for the adjacent neighbors. As an example we live adjacent to a basketball court and it regularly has a bunch of cars parked with people playing on the court - this works because there is a parking lot. -We would really like to see a trail connection from our neighborhood along Franklin Benjamin Terrace and Nickens Place to the open space. Our neighborhood is generally "cut off" from the adjacent neighborhoods – no road access, and only sidewalks along Belmont Ridge. As a parent of young children, it would be great to have a trail connection to this open space that doesn't require walking along Belmont Ridge Road (that is very busy and high speed road). -Additionally, we would really like to have plenty of trees and natural areas with benches and picnic tables to have quality family outdoor time. -Overall we strongly suggest paying special attention to the homeowners directly adjacent to the space, they are the most impacted</p>
Gentle Falls Dr	meadows, pollinator habitats, reforested areas	Legacy Park	Looking for a tennis and basketball court inside the woods similar to Legacy park
Gentle Falls Drive			

What is the name of the street you live on?	What passive/natural elements (meadows, pollinator habitats, reforested areas, etc.) would you like to see in the neighborhood park and why?	Name a park that you have been to that reflects your vision for a neighborhood park. What elements of this park stand out to you?	Additional Comments:
Hillgate terrace			I had already submitted a questionnaire but wanted to add that it would be nice to have a place for a movie in the lawn event. The float n flicks are not great for smaller children. Also south riding and broadlands both have a movie on the lawn we go to. Brambleton would be a great place to add this type of event instead of having to drive to these communities.
Hillgate Terrace	Maybe a pollinator friendly garden that would attract monarchs and hummingbirds?	http://www.fairfaxcounty.gov/parks/clemyjontri/ Clemyjontri park in Fairfax. I understand this park is very large compared to what is being planned however, I think some the equipment and covered picnic would provide some great ideas to the park.	
Jessica Farm Terrace			
Moonglow Court	trees, open space, something to block noise from traffic	dinosaur park in Ashburn (elements - creek and bridge) and Legacy (shade, trails) are both good examples.	Our girls love nature and would love to have a park with lots of trees and water to play in. Also, an open space for a field or tennis courts would be welcome.
Moonglow Court	Maybe pollinator habitats	Trailside park or dinosaur park - both in Ashburn. Kids want play structures.	
Morning Walk			Put courts (tennis, basketball) in Park 5 and let those home owners decide if they want courts in their backyards before they buy.
Morning walk			

What is the name of the street you live on?	What passive/natural elements (meadows, pollinator habitats, reforested areas, etc.) would you like to see in the neighborhood park and why?	Name a park that you have been to that reflects your vision for a neighborhood park. What elements of this park stand out to you?	Additional Comments:
Morning Walk Dr	Berry patches, butterfly gardens, trees that align jogging paths (colorful)		I really appreciate the associations efforts with this. I also acknowledge that they are in no way obligated to build anything with this common area which makes this effort even more appreciated. I've spoken to a number of neighbors and there is overwhelming support for this with the only opposition from this houses closest to that space. It would be shameful for us to miss out on this opportunity because of the opinion of a few. Activities that bring the community together and promote active lifestyles is what makes Brambleton great. I encourage as many activities and landscaping as possible. Thank you again for your effort.
Morning walk dr			
Morning Walk Dr			
MORNING WALK DR	meadows, ponds, fountains, trees	Burke lake park	1. Please do not cut down any trees 2. Add more trees 3. Do not make it busy 4. Don't build any parking areas 5. Need bike racks 6. More places to sit and enjoy nature
Morning Walk Dr		Clemjontri Park in McLean. Maybe not as bright. A pavilion to host parties or have picnics in the park. Maybe host movies in the park over the spring/summer/fall.	
Morning Walk Drive	Butterfly garden	Areas around lake anne in Reston. I love the little ponds with rocks all around. The kids enjoying throwing rocks in it and playing with their remote control boats. There are also swings right by the water so people can enjoy different things in a small area instead of being so spread out.	I would not like to see a dog park there.

What is the name of the street you live on?	What passive/natural elements (meadows, pollinator habitats, reforested areas, etc.) would you like to see in the neighborhood park and why?	Name a park that you have been to that reflects your vision for a neighborhood park. What elements of this park stand out to you?	Additional Comments:
Morning Walk Drive	More nature-specific habitats (butterfly area, bird friendly plants, etc). There are tons of animals that roam through this area "District 3" and I would hate to see them all pushed away.		This area has minimal parking that is not directly in front of someone's home. Please be respectful of that and not build "attractions" that will encourage a lot of additional cars to come in to the neighborhood. I think that the best use would be a continuation of the trail system with enhancements - possibly a green field for open play or flying a kite (like near the Corner Pool), areas with native plants to support the wildlife (maybe even a wildlife watching station), areas with benches / tables to get together with others.
Morning Walk Drive	Aren't the trees, pond and mulch enough. Keep it clean!! Place lighting inside!!!	Boulder, Colorado, Naperville IL	The place is nice and could be better. We need more evening lighting in the area. Not only the park area. The trails need lights (Solar).
Morning Walk drive			
Morning walk drive			Would really like a couple of tennis courts.
Morning Walk Drive			I'd like to see more paved paths from the surrounding streets to enter and exit the park. A path surrounding the whole park would be nice too.
Morning Walk Drive	looking for more activities		
Morning Walk Drive	Please leave mature trees! Encourage pollinators and native birds. Use native plants in landscaped/transtion areas. Keep a good natural barrier between meadow/forest areas and play areas (lyme consideration).		I would like to see more paths connecting communities and creating more access points to existing trails. If courts (basketball or tennis) are being considered, please put them near "gathering points" such as the town center or new barn area. Would prefer not to have them buried in neighborhoods, as that could create parking and other issues.
Morning Walk Drive	Trees for shade		Major concern is people driving to the park and parking in front of my house.
Morning Walk Drive	Trees, flower gardens, NO bird attractions (too much poop), NO water features (too many mosquitos)		Love to see the bike/running trails continue and connect throughout. Would love more swings...even wooden porch type swings.

What is the name of the street you live on?	What passive/natural elements (meadows, pollinator habitats, reforested areas, etc.) would you like to see in the neighborhood park and why?	Name a park that you have been to that reflects your vision for a neighborhood park. What elements of this park stand out to you?	Additional Comments:
Morning walk drive	Definitely need to have natural trees and also additional new ones to make it look more natural. There is so little open space in brambleton we need to not have concrete everywhere		This needs to be a natural area, where families can have picnics and play frisbee in the fields. We have basketball courts at all of the schools and it should stay as natural as possible. Thanks
Morning Walk Drive	Today we have a decent sledding hill, let's keep it as part of the meadow. Pollinator habitats are fine as long as you can keep them centered and away from homes backyards where kids play. Trees are critical in Virginia Summers and make the whole thing more enjoyable. Save the old growth trees and supplement them to make it a shaded and enjoyable area.	No park is perfect however components of Legacy Park, Dinosaur Park (in Ashburn) and Clemyjontri Park (in McLean, if it had shade) would be great. Morning Walk Drive has very young families with young kids and that should be considered.	Love that you're asking our opinions and I'd be there in person if I wasn't overseas on business travel.
Morning Walk Drive	As many trees as possible.		Our neighborhood is already a 'high speed' cut through from Northstar to Belmont Ridge. This park makes me think that traffic will only triple. Please consider alternate entrances to the park that do not put more cars on our streets of people who live outside of Bram.
Morning walk drive	ponds	baron Cameron in reston --swimming pool, tennis court, base ball, biker tracks kids play area...all in one	we need more tennis courts
Myan Gold	meadows and pollinations		
Myan Gold			
Myan Gold	Meadows, Butterfly parks, orchards...With all of the building and congestion in the area, some open space is a welcome site	Evergreen Mills due to the trails and lack of man made objects	Tennis courts will not add to the ambiance. With the new HS adding 8 courts, there will be plenty for residents to use in the area.

What is the name of the street you live on?	What passive/natural elements (meadows, pollinator habitats, reforested areas, etc.) would you like to see in the neighborhood park and why?	Name a park that you have been to that reflects your vision for a neighborhood park. What elements of this park stand out to you?	Additional Comments:
Myan Gold	I would like all of these. I don't think we should be copying Legacy Park with its basketball courts or tennis courts with lights. Those courts are surrounded by trees and streets on either side. It would not be appropriate to our concrete structures with lights in this natural area.		Please keep it as natural as possible and consider the impact on the neighborhood around it. Also, Hanson Park and the new high school providing these amenities and are very accessible to Brambleton residents.
Myan Gold Dr	No opinion		What are the access points for this park? How can you ensure the visitors don't park in front of our homes? How can you ensure the noise level is not high (if you are planning on basket ball, tennis courts etc.)? What steps are you taking to ensure that there are no lights in these courts? What about the fact that this opens up our homes to strangers trespassing on our properties & or increase in break-ins etc?
Myan Gold Dr	As much green space as possible.		I do not feel that this neighborhood has enough area for people to be able to park on the streets in order to use this park. When we purchased our home in this area we were told that the area between the homes and bike path was going to be a natural green space. We have many young children on this street and already have many cars traveling through here to get to their homes. The last thing we want are more cars through a neighborhood street where young children are playing in their yards. Nor do I want people cutting through my yard to get to the park.
Myan Gold Dr	Nature trails, kids play parks that are incorporated into nature themes	Nature park in Stamford, CT- Incorporates a farm that is open for visitors, nature trails	Support the neighbor hood park as long as noise, lights and foot traffic is controlled; especially for families that are in the periphery

What is the name of the street you live on?	What passive/natural elements (meadows, pollinator habitats, reforested areas, etc.) would you like to see in the neighborhood park and why?	Name a park that you have been to that reflects your vision for a neighborhood park. What elements of this park stand out to you?	Additional Comments:
Myan Gold Dr	I would love it to feel like you in the woods. My boys love to play in the dirt, dig play around the trees and roll down the hills that are currently in our neighborhood park.	Ashburn park, lots of play equipment but in the woods for the kids to explore and still be safe.	I would love to see a flat area for the kids to play ball kick ball, soccer, chase, touch football. We have a ton of little boys and girls in the neighborhood.
Myan Gold dr	Pollinator meadows.	Multi-sport field.	
Myan Gold Dr			Please ensure there are no plans that will increase the noise level in the neighborhood.
Myan gold dr	Retain as much of the green space as possible		
Myan Gold Dr.	That's exactly the elements that are part of a park, natural beauty. It's a neighborhood, not a loud rec center. It should be for use of residents for relaxation, not draw outside people. The city center is for that. People that bought away from that did so for a reason. The center is close for enjoyment but not right in their back yard. Nothing should be placed that would increase noise or infringe on people's enjoyment of their homes and back yards.		Most buy with surrounding areas established. To drastically change and add in someone's back yard without truly considering those most affected is inconsiderate.
Myan Gold Drive	I think it should stay the same. Possibly add more exercise stations. Add wild flowers to sides of berms. Expand playground	none	I'm against adding courts of any kind. I'm concerned with noise generated by groups of people due to the proximity of the area to my back yard and patio. Also concerned that courts will attract people from other area and they would park along Myan gold drive to gain access to the area. In my opinion courts belong with the schools and surrounding the recreation centers and pools where there is parking.
Nickens Place	Trees!		

What is the name of the street you live on?	What passive/natural elements (meadows, pollinator habitats, reforested areas, etc.) would you like to see in the neighborhood park and why?	Name a park that you have been to that reflects your vision for a neighborhood park. What elements of this park stand out to you?	Additional Comments:
Nickens Place	Areas for bird nesting to decrease nuisance nest building in our mailboxes and around window shutters.	Only ones we can go to are either Fairfax County or Loudoun County Parks which mean we have to pack up the dogs and drive there.	Would help with less problems with dogs constantly barking because they don't get enough exercise.
Rising Moon Pl	Flowering bushes and somewhat open area to keep ticks away. Also a level and mowed area to play soccer or throw the football.	NA	Really need some more basketball and tennis courts within walking distance. Please none of the weird amenities proposed in the past like handball or freestyle walking.
Rising Moon Place	I would like to see meadows, trees, forests in the park because it creates a calm, peaceful environment.	---	Kids would like basketball court, football field, tennis courts, wall to rebound lacrosse balls.
Rising Moon Place			
Rising Moon Place	Lots of trees! Meadows are also nice.	Legacy Park!	
Rising Moon Place	Meadows, pollinator habitats, some big trees for shade in some areas. We would love for this to be a picnic park as well.	The Algonkian Park. They have playground equipment aimed across different age groups. Some nice picnic tables with shade while having enough sun as well.	
Rising Moon Place			
Rising Moon place			We need tennis and basketball courts. Please no weird amenities such as handball and freestyle walking.
Rising Moon Place	Any way we can enhance natural elements of Bram (trees, flowers, etc), the better. Not only does it make the place we live more beautiful and help the earth (bees, animals, etc), it also helps Bram keep up with Willowsford...where most people in Bram are moving to.		If new park are added, keeping the privacy of any neighboring houses to those parks should be considered. I know our house backs to trees and what was promised to us to either be conservation land (NEVER to be built on) or a golf course (which we knew wasn't going to ever happen). Minimal trees should be cleared to make park space. Landscaping should be added around the parks to make it be more private and beautiful. The playground on Morning Walk Drive has little to no landscaping, and the grass is not kept up. Landscaping and upkeep should be taken into consideration when planning this next park.

What is the name of the street you live on?	What passive/natural elements (meadows, pollinator habitats, reforested areas, etc.) would you like to see in the neighborhood park and why?	Name a park that you have been to that reflects your vision for a neighborhood park. What elements of this park stand out to you?	Additional Comments:
Rising Moon Place	Woods should be maintained and as much grassy area as possible. There is a significant amount of wildlife that uses the current area under development as its habitat, so as much should be preserved as possible.		Very concerned about the ability and cost to maintain the park so that it does not eventually look run-down. Much of Legacy park, and the B Fit trail, already look like that. So developing an expansive new park raises concern that it too will look great the first year, and then will fall into disrepair if the other two can't be maintained right now. Seems like it would be more cost effective to revitalize/fix the first two ideas so people want to use more than just the play ground (legacy park and B fit) before adding more.
Somerset crossing place			
Spring Dew Dr.	trees would be nice to eventually grow to provide shade	Algonkian park has a nice playground with picnic tables in shaded spots nearby. Hadley's park playground near Dulles Town Center has some ramps for wheelchair accessibility.	We have been blessed with a special needs baby - would appreciate stroller/wheelchair accessibility and activities friendly to children with physical special needs
Spring dew drive	Trees that actually provide shade for those sitting in the park and to create quiet areas away from the crowds, wild flowers fields	Clemyjontri park- for all types of kids and abilities, Mosaic District park- with splash pad, chess pieces Memorial Park in Houston-sand volleyball, play area for kids, dirt trail loop and rugged wooded trails for trail running & trail bike riding, designated picnic area	Shouldn't be a destination park that will bring in people for large group sports like: cricket, baseball, soccer. LoCo has a bunch of parks already designated for these types of games.
Stardust Way			
Tradewind		Ashburn Park aka Dinosaur Park. Lots of different play structures for children of different ages.	
Tradewind Dr	More tennis and basketball courts		
Tradewind dr			
Tradewind Dr	meadows, butterfly garden		

What is the name of the street you live on?	What passive/natural elements (meadows, pollinator habitats, reforested areas, etc.) would you like to see in the neighborhood park and why?	Name a park that you have been to that reflects your vision for a neighborhood park. What elements of this park stand out to you?	Additional Comments:
Tradewind Dr.	Any of the above. I love the natural feeling of this tract of land, and hope natural elements are included.		
Tradewind drive			
Tradewind Drive	Meadows	Clemyjontri	
Winter Haven Dr			

What is the name of the street you live on?	Utilize Legacy?	What do you like most about Legacy Park?	What do you dislike about Legacy Park?	What elements are not included in Legacy Park that you would like in a neighborhood park?
April Mist	No	the trees and trail	lack of lighting	lighting and taking down dead trees
April Mist Pl	Yes	Quiet walking paths, lots of trees, pond. areas to sit and read, talk, etc. The tennis courts are buffered by trees from the surrounding homes.	basketball courts, or anything that would attract groups after dark	Use some of the open space by Myan Gold for free play and exercise area. Kick soccer balls, throw frisbee, toss baseball, etc. tennis courts. Perhaps an off-leash dog area. Activities that will bring the neighbors together, picnic tables, shelter, etc
April Mist Place	Yes	My kids love the play structure. It's good for a variety of ages.	Haven't spent enough time there to dislike anything about it.	It would be nice to have a fenced in area for a dog park.
Ashwood Moss Ter	Yes	The many options of things to do and how the community is set up around it to make it seem that the park really belongs there.	The crowds and lack of green space. The paths are usually impossible to use because of the amount of people and with all the trees there is no alternative.	More for adults. Most of Legacy Park seems very kid focused. It would be nice to have an area that adults could use and enjoy as well. I know a parkour area was mentioned at the design charrette. Something like that that would provide an active area for teens and adults to go along with the current playground. A covered area for picnic tables would also be nice for families.
Ashwood Moss Terr	Yes	The paths and lots of trees/shade	Crowds	Natural looking water, like a pond and community gardening plots
Autumn Sky Ct	No	Attractive, woodsy, various activities	Seems like the private park for those directly adjacent to it.	Dog park
Bright Star Ct	Yes	Large wooded Children's play area	Parking	
Castle Ridge	Yes	I like the fact that there are several play sets for different she groups and open forest area for kids to explore. I also like that there are benches.	How far it is for walking purposes.	Large grassy areas.
Castle Ridge	Yes	tire swing	not enough benches to sit	barbecue grills with picnic area
Castle Ridge Sq	Yes	Tennis Courts	Too few tennis courts, courts are always busy. Also courts are not lit to play in the evenings.	
Castle Ridge Sq.	Yes	It is shaded and has benches and picnic tables.	I wish there was another playground element for smaller toddlers with a fence around it.	A playground element for smaller toddlers with a fence around it. A pavillion.

What is the name of the street you live on?	Utilize Legacy?	What do you like most about Legacy Park?	What do you dislike about Legacy Park?	What elements are not included in Legacy Park that you would like in a neighborhood park?
Chatelain Circle	Yes	Tennis Court	Not enough tennis courts available	The basketball court is in a very bad shape
Connie Marie ter	Yes	Play structure for kids	Nothing for teens	Teens : skating etc
Epperson Sq.	No	N/A - Not sure where the park is; just moved to the area.	N/A - Not sure where the park is; just moved to the area.	N/A - Not sure where the park is; just moved to the area.
Epperson Square	Yes	I like that it breaks the monotony of the rows and rows of houses. I like lighted tennis courts, though we need many more of them!!! Like to have small pond in the middle where you can watch the turtles laying on the sun	It is getting too beaten up due to the population overgrowth. There are no areas left for the wild nature to grow free (except for the small area around the pond), trees need to be restored on a more aggressive schedule.	Pollination stations, for example, Willowsford Farms is participating in "Bringing Back the Monarch" program, why Brambleton is not doing it yet?
Franklin Benjamin Terrace	Yes	Adjacent to Town Center, large area of open space, lots of tree cover and variety of playground for a variety of age groups, central point of community	nothing, this is a great community amenity that we enjoy often.	lack of restrooms, more picnic tables would be nice
Gentle Falls Dr	Yes	Tennis, Basket ball and play area inside the woods		
Gentle Falls Drive	Yes	Playground	Needs tidying up / cleansed	Foam mat areas with monkey bars, basketball courts, skateboarding park
Hillgate terrace	No			
Hillgate Terrace	Yes	Utilizes equipment for all ages and is shaded.	Not enough grassy area, and the current landscape becomes very muddy with rain.	I wish there were picnic tables or a place to eat or a pavilion. Equipment for children with disabilities. Maybe add a ramp to a play gym with various interactive activities. We really love going to Clemyjontri park in Fairfax. I'm not sure if that would be helpful for design ideas on different play gyms or activities. http://www.fairfaxcounty.gov/parks/clemyjontri/ I also like the thought of a small fountain spray area for the kids to run around in similar to the one at Fairfax corner but smaller scale.
Jessica Farm Terrace	No			A fenced in area for dogs!!

What is the name of the street you live on?	Utilize Legacy?	What do you like most about Legacy Park?	What do you dislike about Legacy Park?	What elements are not included in Legacy Park that you would like in a neighborhood park?
Moonglow Court	Yes	shade, trails, tennis courts, tire swing, swings, natural landscaping (large rocks, trees, etc.)	not enough communal space (benches, picnic tables, shelter)	more open space to play soccer or tag, etc.
Moonglow Court	Yes	Only tennis courts in Brambleton.	Only 2 tennis courts - there needs to be more courts based on the growth of Brambleton.	An outdoor roller hockey rink - similar to Trailside Park in Ashburn.
Morning Walk	Yes	Trees	concrete (basketball & tennis)	
Morning walk	No			
Morning Walk Dr	No	I like how heavily wooded that area is as well as the number of activities.	Not enough picnic tables/seating	Sport courts (basketball, sand volleyball and tennis). Picnic tables. Frisbee golf. Vegetation (like berry patch). The more activities the better. This is a GREAT opportunity to make this space a wonderful amenity for the community.
Morning walk dr	Yes		Not enough tennis courts. Desperately needs basketball courts.	More tennis courts, dog park, and basketball court.
Morning Walk Dr	Yes	Trees, variety of activities	Only two tennis courts	Dog park
MORNING WALK DR	No	Trees, Tennis courts	Busy, crowded, not tranquil.	Meadows, gardens, flowers, fountains, sitting areas
Morning Walk Dr	Yes	The swings, play area, and walking paths.	It's nicely shaded but I found over the summer I get eaten alive by mosquitoes so cannot stay out there for long.	We miss the volleyball net. Activities for grade school kids that are not toddlers.
Morning Walk Drive	Yes	Shade, trees, tennis courts, pond	Not enough benches around recreational areas. Lack of walkways to roadside parking, Would like to be able to lap around the pond.	Volleyball court
Morning Walk Drive	Yes	Multiple playground areas, natural setting, mature shade trees, available parking that's not directly in front of homes.		More nature-specific habitats (butterfly area, bird friendly plants, etc). Open grassy field/areas to throw a frisbee, kick a ball, etc.

What is the name of the street you live on?	Utilize Legacy?	What do you like most about Legacy Park?	What do you dislike about Legacy Park?	What elements are not included in Legacy Park that you would like in a neighborhood park?
Morning Walk Drive	Yes	Not much! Basketball Court needs lighting and updated. Grounds need to be beautified. In need of a skate park for kids.	Basketball Court needs lighting and updated. Grounds need to be beautified. In need of a skate park for kids. Pond area can be stocked and cleaned up. More things for all ages for kids to do. Lights or pathway lights. It's to DARK AROUND HERE!! Need more street lights!!	Evening Lights, Solar would reduce the price. Skate Park for skateboarders, Hockey Rink, similiar to the one by Stone Bridge. Tree trimming.
Morning Walk drive	Yes	It has something for most kids...and love the tennis courts. Also, there are grills for neighborhood cookouts	Nothing	More tennis courts
Morning walk drive	No	Shaded, natural setting.	Oriented primary to young kids, of which I have two of (5 and 8). However I would like some activities that are oriented to older kids and adults, like tennis courts.	
Morning Walk Drive	Yes	Basketball Court, Volleyball Court, and Tennis Courts.	Too many trees.	
Morning Walk Drive	Yes	Playground	nothing	volleyball, corn hole, shuffle board, grills, more picnic tables
Morning Walk Drive	Yes	Play areas with nice shade, central location.	Not enough swings.	Open play area for pick-up soccer, football, etc. (not an official field with goals, but just an area to run and play)
Morning Walk Drive	Yes	The trees, multiple play areas	Benches need to be closer to play areas in some spots	
Morning Walk Drive	Yes	Trees, Different stations for different ages, Swings	No basketball courts, no boundaries between park and street to protect little kids from running off	Basketball courts, more play equipment for 7 - 12 year olds, outdoor pavilion with picnic tables, baseball field
Morning walk drive	Yes	The trees and swings and benches	Tennis and basketball courts.	Volley ball court, horseshoe pit, picnic tables

What is the name of the street you live on?	Utilize Legacy?	What do you like most about Legacy Park?	What do you dislike about Legacy Park?	What elements are not included in Legacy Park that you would like in a neighborhood park?
Morning Walk Drive	Yes	The paths, the trees, the pond, the great playground, and the waterfall.	Very little since I think it's well designed. I do not want basketball or tennis courts near my house since it brings in teenagers late at night.	A couple of SHADED playgrounds for kids. I understand laws dictate distance from playground equipment to trees in Virginia however the current playground has NO shade and is not useable by kids since the slides and swings are too hot to touch in the sunshine.
Morning Walk Drive	Yes		Disruption to houses/families	barrier between park and home yards
Morning walk drive	Yes	kid friendly play equipment, Tennis courts and picnic tables	will be nice to have enclosed play area for younger ones	soccer field, basket ball court and more tennis courts
Myan Gold	Yes	paths	tennis courts	meadows
Myan Gold	No			Dog Park
Myan Gold	Yes	Walking paths	Tennis Courts	Walking paths and greenery
Myan Gold				
Myan Gold Dr	Yes	Easy accessibility with plenty of parking (not in front of the homes)	Nothing	Gazebos, fountains, butterfly garden, anything nature oriented
Myan Gold Dr	No	That it is centrally located and allows for people to park on the street right next to the park not at someone's driveway.		
Myan Gold Dr	No	Trees	Noise Levels, no dedicated parking slots, adjacent to the street, foot traffic,	passive recreation options, parking areas, easy accessibility via trails,
Myan Gold Dr	Yes	Playground area and tons of room for the kids to run and explore (they love the trees, the stream wet or dry and the huge rocks to climb on!!)	A nicer basketball court	Larger playground equipment like at Ashburn Park (dinosaur park)
Myan Gold dr	No			
Myan Gold Dr	Yes	Centrally located, proximity to town center, nice trails	Tennis courts & basketball court generate a lot of noise	Water features, fountains
Myan gold dr	Yes	The big trees and the green space	Kids playground could be better - like the creighton color playground equipment	None

What is the name of the street you live on?	Utilize Legacy?	What do you like most about Legacy Park?	What do you dislike about Legacy Park?	What elements are not included in Legacy Park that you would like in a neighborhood park?
Myan Gold Dr.	Yes	Trees and walking path	Overuse can disrupt natural beauty of grass, etc. difficult to regrow grass with tree coverage.	Nothing
Myan Gold Drive	Yes	Open space. Area to walk and enjoy the outdoors	I think it's fine the way it is.	None
Nickens Place	Yes	Shaded park with natural areas (my kids spend more time with the rocks and trees than the equipment). Large size.	Surrounded by busy roads, lots of traffic.	Bike parking
Nickens Place	No	Great walking areas.	No off-leash area for dogs to meet and play safely. Have to worry about people running or on bicycles running into you or your dog.	Dog Park for off-leash activity. Where dogs can meet and run around in safety.
Rising Moon Pl	No	Tennis and Basketball Courts. We need more of those in Brambleton. That is the main amenity people want.	Grass is in bad shape.	A little more sun.
Rising Moon Place	Yes	The trees and natural feel. The basketball court. Tennis courts.	---	Park benches would be nice. A wall to bounce lacrosse balls off of.
Rising Moon Place	No			
Rising Moon Place	Yes	All of the trees (means lots of shade!) and the playground. Also love the tennis courts and water features.	Everything about it is great!	Legacy Park is great! There's nothing wrong with a duplicate since there are so many young families in Bram. I'd love more water features, another playground, and tennis courts closer to my home!
Rising Moon Place	Yes	The monkey bars, the layout, the openness	My daughter says having only one tyre swing is not cool. There should be one more.	Cooler playground sets with maybe Roman rings, rope ladder etc., a pretend vehicle for the kids to ride on (like in the Algonkian playground)
Rising Moon Place	No	Nature		Gazebo, more park benches, seating
Rising Moon place	Yes	Tennis courts	Unkept landsacping in past such as grass	

What is the name of the street you live on?	Utilize Legacy?	What do you like most about Legacy Park?	What do you dislike about Legacy Park?	What elements are not included in Legacy Park that you would like in a neighborhood park?
Rising Moon Place	Yes	The trees!!! The 2 playgrounds, basketball courts and tennis courts are mixed in to the trees. The trail through the Legacy Park area feels very nature trailesque, which is wonderful!!	More tables.	More grassy areas for picnics, kids to run around/play sports (not organized sports, but rather just bring a soccer ball to the park and play).
Rising Moon Place	No		Volleyball Courts are not useable or maintained	Volleyball courts, and a process to maintain all of the courts. Both the volleyball and basketball courts look run down so the plan needs to incorporate a way to ensure that the park doesn't look as if it's falling apart.
Somerset crossing place	No			Dog park
Spring Dew Dr.	Yes	variety of playground equipment for kids to explore	some spots seem to get super muddy after some rain	gazebo, covered space to have snacks
Spring dew drive	Yes	Space for bigger kids, benches and small tables to sit at, SHADE	Not enough benches and having shared parking with residents. Creates more traffic for the residents living there.	Bike rack, splash pad, sand volleyball
Stardust Way	Yes	Different levels of play	Muddy. Not enough open space.	
Tradewind	Yes	Shade (important in hot summer months) and location relative to town center for food/lunch options.	Play structures are limited, other parks in the area have more fun activities for kids (swings/slides of different sizes)	Reservable/Rentable pavilion for events/birthday parties.
Tradewind Dr	Yes	Trails with shade, tennis courts	NA	More tennis and basketball courts
Tradewind dr	No	Leave as is.		
Tradewind Dr	No	Sports courts volleyball, tennis, basketball, kids play area	Not walk-able distance	
Tradewind Dr.	Yes	I love how will the amenities are incorporated with nature.	I wish some of the courts were interspersed with the playgrounds so parents can play tennis while keeping an eye on kids in the playground area.	I'd like a skate park, some more natural water area (if possible), more picnic tables, bike racks, wifi, and fire pits.
Tradewind drive	Yes	Play structures, shade, trails		More picnic benches and park covering more area

What is the name of the street you live on?	Utilize Legacy?	What do you like most about Legacy Park?	What do you dislike about Legacy Park?	What elements are not included in Legacy Park that you would like in a neighborhood park?
Tradewind Drive	Yes	The pond area, the playground being more advanced, the greenery from the trees around it. The open space for children to run around.	The street is very close on all sides.	Seating area, more play structures
Winter Haven Dr	No	Trees	Playgrounds blend into the trees. Tennis courts do not.	Legacy park doesn't have enough picnic benches
