

BE A LIFE SAVER AND LEARN CPR!

TIME: 2.0 HOURS | \$35/\$60 (COUPLES-TWO INDIVIDUALS)

The **FAMILY AND FRIENDS® CPR class** includes a discussion of the maneuvers for adult/child/infant CPR and use of the AED (automated external defibrillator). Techniques used to relieve choking in conscious adults, children and infants will also be discussed and demonstrated. This **instructor-led** course will guide participants through all the maneuvers with emphasis on hands-on practice with instructor feedback. Price includes student handbook.

This course is appropriate for individuals who **do not** need certification: expectant parents, grandparents, community groups, non-licensed personnel, babysitters and other individuals/groups who wish to learn how to save a life using CPR techniques.
